DECEMBER 2016

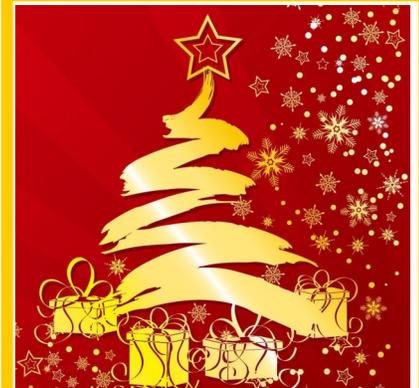

RONALD MCDONALD CHRISTMAS DINNER

McFall Fuel recently received a letter from a family who had been at the Ronald McDonald and had enjoyed a McFall Fuel cooked meal on two occasions. The letter has made us realise how such a small gesture has such an incredible impact. "On the days when sadness overwhelms us and the weight of experience of child cancer feels like it is crushing us, I have lovely memories of chatting with some of your staff members whose empathy and kindness continues to shine through, even though quite a lot of time has passed. The positive impact, your collective kindness has had on us, has stayed in our memories during a time that has almost broken us as a family."

December marks our final dinner for the year and we would like to thank Taylor Brothers for their very generous donation to help with the food and Christmas gifts we will take up on the night.

Along with the generosity from Taylor Brothers, Bethlehem Coachlines have offered a minibus, Col's Butchery and Deli the hams, Mrs Higgins the Chocolate Brownie for dessert, Mount New World for groceries, and Mount Paper Plus along with Hillary McFall Christmas gifts. This kind of support makes what we are able to do so much better for those faced with such challenging times and is most sincerely appreciated. "We usually have about ten or so staff go each time and our Auckland Area Manager, Jeff Sullivan has not missed one meal that we have prepared over the past three or so years," said Allan McFall. "For us it has been a great team building opportunity and the staff willingly prepare some of the food in advance so that it is easier for those putting it all together on the night." The Christmas dinner will see hot ham, freshly picked strawberries, and a number of other Kiwi Christmas favourites to make it as close to home as possible for the families staying there.

HAVE A HAPPY & SAFE FESTIVE SEASON

McFall Fuel wishes everyone a very safe festive season. We have really appreciated working with you, your staff, and your business in 2016.

We will be announcing yet another addition to our McFall Loyal offer in 2017.

SUPPORTING FOREST INDUSTRY HEALTH & SAFETY

McFall Fuel is principal sponsor of the upcoming Safety Summit in Rotorua on March 1 and 2, 2017. There is a two for one registration offer available up until December 20, 2016 on the website. If

there is a group of you (more than two) call Gordon on 07 921 1384 and mention McFall Fuel and you will get a special registration deal. The programme for this event is shaping up really well.

PF Olsen are running Safe Start Up Breakfast Meetings in January 2017, two of which are in the Bay of Plenty. The first will be in Rotorua at the Distinction Hotel on January 9 and the second at the Opotiki Golf Club on January 10. McFall Fuel will sponsor the Top Crew Safety Award. This award is awarded for showing safety leadership and having met all of the safety objectives. "We are now looking to roll out our collaborative Health & Safety approach for overlapping PCBU's among other customer sectors in 2017 based on the benefits we have seen to date for all parties involved in the forestry sector. By removing the grey areas as best as we can, we certainly can work more positively together on sites," said Sheryl Dawson.

A REMINDER MCFALL FUEL CHRISTMAS/NEW YEAR OFFICE CLOSURE

The McFall Fuel Office will be closed on December 25, December 26 & 27. Reopening on December 28, 29, and 30 and then closing January 2 & 3, 2017.

What's Happening @ 0800 623 255

MCFALL CALENDAR AN EXCITING FIRST

McFall Fuel decided to move away from the traditional mass produced calendars that it gave to customers and develop one using pictures collected from staff and others who have taken the time to capture those special moments. "We have tried to cover some of the areas and communities within which we work to illustrate what has happened over the year," said CEO, Sheryl Dawson. "This photo was sent just the other day by a

friend of a staff member who had captured Driver Trish Hopa on a forestry run. As we grow our collection in this way we will be able to take different approaches each year and so if you have a great photo of McFall Fuel in action at your workplace we would love to have the photo to consider for next years calendar."

SUMMER PROMOTION SUPPORTED BY FUCHS

McFall Fuel and Fuchs have worked together to come up with special product pack offers for the Summer Season. The promotion which comes with this Newsletter outlines the Platinum, Gold, and Silver Offers. The focus at this time of the year is all about looking after your agricultural machinery and keeping maintenance costs down. Titan UTTO MP is a high performance oil suited for use in many different hydraulic systems integrated wet brakes, clutches, and diffs in agricultural machinery. It has been designed and developed to meet the latest specifications of the equipment and OEM requirements of agricultural equipment. UTTO provides better control for wear and temperature. Speak to your sales representative about the best way to complete the proof of purchase so that you are able to redeem your bonus offer.

RESILIENCE, CONFIDENCE, & DETERMINATION IS A MUST FOR REBECCA PETCH

"About a month ago I raced in my first big race for the new season. North Island titles, held in Cambridge. I got back into the swing of things after having a break and recovering after worlds and those injuries and have gained my confidence back and am starting to push my limits on the track. Monday and Thursday morning I get up at 5:30am and drive over to the gym at the Avanti Drome, Being surrounded by other athletes makes for good motivation. This year is my last year in the Junior Elite category and at the North island Titles Junior and Elite Women were combined. I was super happy with my results and it has just made me more determined to work harder. My big goal for this season is to make the Elite team to race at the World Championships in America in July. At this stage there is only one spot so this means I will be up against Sarah Walker and the other Elite riders to compete for this spot but I believe that it is possible and I am going to work hard to try and achieve my goal of making the Elite World Champs."
